TECHNICAL SKILLS

- **Front End:** Blazor, React, Javascript, HTML, CSS, Bootstrap
- **Back End:** C#, ASP.NET Core MVC & Web API, SQL Server, EF Core, T-SQL
- **Developer Tools:** Git, Azure DevOps, Postman API, Visual Studio 2022, VS Code

EXPERIENCE

.NET Developer at Softinsa | Jan 2024 - Present

- I work as a consultant assigned to a client in the banking industry, where I am responsible for the development and maintenance of internal applications using technologies such as **SQL Server, T-SQL, C#, ASP.NET WebForms, HTML CSS & Javascript**.

.NET Developer at Quatenus - WWIL | Mar 2023 - Dec 2023

- Worked on the frontend of the company's main product, its web application in **ASP.NET WebForms**, using **HTML CSS & Javascript**.
- Created and modified web services on the main **ASP.NET Web API** to support new features for web and mobile applications, using **EF Core** to connect with and manipulate the database on **SQL Server**.
- Developed a fullstack **ASP.NET Core MVC** web portal for a client, optimizing a full-text index query from >30s to ~2s.

C#/VB.NET Developer, Product Development in R&D at BA Glass | Aug 2022 - Feb 2023

- As an intern, i compiled and created an installer for the department's **C#** and **VB.NET SolidWorks** Add-in, used by the Product Design team.
- Added new User Interfaces using **WinForms** and modified existing windows in SolidWorks.
- Implemented C#/VB.NET macros to automate design processes, speeding up product and manufacturing design.

EDUCATION

BSc Computer Science and Telecommunications Engineering - Instituto Superior Técnico

Most relevant courses: Distributed Systems, Software Engineering, Databases, Object Oriented Programming, Algorithms and Data Structures, Programming Fundamentals, Security of Networks and Systems, User Interfaces, Networks Architecture.
